Let us bring the Museum expERIENCE to you!

Through our Mobile Museum, we can bring engaging STEAM experiences directly to your site. We offer both 1 hour classroom style structured programming as well as large scale drop-in booth experiences.

1 hour classroom style programming—\$130.00 initial hour, \$50.00 each additional hour

Booth Style—\$200.00 initial hour, \$100.00 each additional hour

\$0.55 per mile for locations beyond 10 miles from museum

For more information on hands-on fun:

Rigamajig!—A collection of wooden planks, wheels, pulleys, nuts, bolts and rope allows children to follow their curiosity through PLAY while learning 21st century skills. There are no right or wrong answers; the act of playing and building is the goal, not the finished product.

Engineering Adventure toolkits—Choose from a variety of units with fun, hands-on engineering design challenges based on real events around the world.

Bee-Bot—Bee-Bot is an interactive robot designed for use by young children. This colorful, easy-to-operate, and friendly little robot is a perfect tool for teaching counting, sequencing, estimation, problem-solving, and just having fun! Diverse curriculum available.

Explore Science: Earth & Space 2018 toolkits—In collaboration with NASA, the NISE Network has assembled a new set of engaging, hands-on Earth and space science experiences with connections to science, technology, and society.
