

Chalk Spinner

Standing at 18 inches tall and 18 inches in diameter, the Chalk Spinner is the perfect size floor model. It is lightweight enough to transport, yet will comfortably accommodate up to 4 children. Ideal for individual use or small group interaction.

The Chalk Spinner also features a chalk holder at its center, making chalk easily accessible for when the creative spark arises. With a spray bottle and towel in hand, clean up has never been more fun.

Includes:

- Blue Chalk Spinner
- 3 boxes of dust-free chalk
- 1 towel for clean-up
- Teaching Guide

The chalk spinner is made of wood and is NOT waterproof. We recommend INDOOR USE ONLY. The chalk spinner can be easily carried outside when outdoor use is desired, but should not be exposed to rain or stored outdoors. Vinyl cover is available separately and is a great way to make the spinner “off-limits” when not in use.

Dimensions: 18” diameter, 18” tall, 23 lbs

Appropriate for ages 3+
