

Makers Space

Making is not location specific, so make it mobile! Kodo's Mobile Maker Station provides flexibility in where and how a Maker session can occur!

This portable storage and workspace allows for inspired making anywhere! Several configurations create ample customization of the work space to accommodate your mighty makers. The two saw horses can be stand alone, attached to the mobile table, or connected together to create an inspirational space. Unique slat wall sides and shelves allow for ample storage opportunities for tools, materials and loose parts.

This versatile piece works independently or in conjunction with the other Maker pieces for ever-expanding Maker possibilities.
